French dictionary

Dear Parents/Guardians - Assalamu alaikum / Peace be with you,

As part of our commitment to improving attainment for all, the MFL Department has evaluated resources to support students in improving achievement in French.

The MFL Department would like to encourage our pupils to purchase a bilingual dictionary to help for home study as well as classroom use. In the current climate it is preferable for all pupils to have their own.

We can offer the dictionary to you at a discounted rate when ordered through the school. If your daughter receives free school meals, you can request financial support if needed by writing to your daughters Head of Year.

If you would like to purchase a bilingual dictionary, please make the required payment on Parent Pay by **Friday 1st October**. Students will be given their bilingual dictionary by their French teacher once it has been paid for on Parent Pay.

Collins Easy Learning Bilingual French dictionary: £4.99

Yours sincerely,

F.Cusimano

Francoise Cusimano
Deputy Director of Learning – MFL
