

Dear Respected Parent/Carer

18 February 2022

Assalaamu alaikum - Peace be with you

Ref: Half-Term Intervention for Single Science Masterclass– 21st February 2022

At Eden Girls' School we are very proud of the academic support provided by our staff and in this letter, I have outlined the intervention for this half-term break. The science department is working hard to catch up on missed learning due to covid and have planned a Science Masterclass.

On Monday 21st February from 12:30pm until 2:30pm we would like your daughter to attend a Science Masterclass. **Attendance is an expectation** and information about the intervention programme has been shared with pupils. Please remind your daughter to be on time, sign in at reception and to hand in her phone.

A text message reminder will be sent the day before and a text will be sent home for any pupil who fails to attend the allocated session, making you aware of her absence.

We value your support for your daughter and thank you in advance for your daughter's attendance at the Science Masterclass.

Yours Faithfully,

Lisa Kiely

Deputy Principal
