

4th April 2022

Dear Respected Parent/Guardian

Assalaamu alaikum - Peace be with you

Ref: Y8 Information Advice and Guidance Evening

At Eden we aim to give every student the best start in life by fostering thought, curiosity, and a desire for learning in all students. We strive to deliver a curriculum that promotes a student's academic, personal, and social development. This is built around the strands of educational excellence, character development and service to community.

To support our pupils' academic journey to excellence we start our GCSE curriculum across Year 9, allowing pupils to have a successful transition onto GCSE specifications of study.

It is now the time of the year where we ask pupils in Year 8 to select their GCSE options in readiness for Year 9 (our GCSE transition year).

As part of this we will be hosting a special options assembly to pupils on **Thursday 7th April** followed by a parent Online Information Advice and Guidance evening. Our Online Y8 IAG evening will start at **5:30pm and finish no later than 6:30pm**.

At this assembly and information evening we will outline our Options process.

To attend the meeting at **5:30pm on Thursday 7th April** please click on this link below.
