

20th May 2022

Dear Respected Parent/Carer - Assalaamu alaikum - Peace be with you

Ref: Class Charts

We recently started using Class Charts at Eden Girls' School.

Class Charts is an online system which teachers use to track achievement and behaviour throughout the school day. As a school we believe in working closely with parents and guardians and see the use of Class Charts as an opportunity to increase and promote higher levels of communication.

One of the key benefits of using Class Charts is that we can securely share your child's achievements with you and to keep you up to date in real-time. This enables you to see your daughter's overall attendance and achievement daily.

Each child has a unique access code which they have been provided with to bring home.

Once you receive the code, you will need to create an account and enter the code here:

<https://www.classcharts.com/parent/login>

Links to the **Android** and **iOS** parent apps are also available from this page. **If you have more than one child in the school, you can enter additional codes directly into your created account.**

Please do get in touch if you have any questions.

We recognise that when we launch Class Charts you may have some questions about the data you are able to see. Please do contact us via info@egslough.staracademies.org if you have questions. It may take us a little bit longer to get back to you during the launch of this new software.

Please note: We will still be using Teacher 2 Parents to communicate with you any key notices.

Yours Sincerely

Lisa Kiely

Deputy Principal
