

Thursday, 23 March 2023

Dear Parent/Carer,
Assalamu Alaikum - Peace be with you.

Re: Roof Works

I hope and pray that you are well.

We are due to have roof works commencing from Monday 27th March until Mid-June 2023. We are working with our consultants and contractors to ensure there is no disruption to learning, however there will be disruption to parking outside school. There will be limited parking available outside of school premises and so we encourage the use of public transport, car sharing and parking away from the school premises and with the weather improving, walking to school for those pupils who live near to school.

The disabled bays at the front of the school will be occupied by the site contractors and we will ensure we segregate parking for those with accessibility needs and a valid blue badge on the slip road in front of the school building, so they still have close access to the school building.

I urge all parents to be considerate and remind you that the safety of our pupils is of paramount importance. Please ensure you discuss with your child in advance, the route you will be taking, the **drop off and pick up points away from the school premises**, the **correct way to cross the road safely at designated crossings**, and ensure **all parents are following road safety rules and parking regulations**.

Do not double park alongside the school road. Please remember, staff on duty are there to protect your daughters and therefore should not be spoken to in a rude or aggressive manner.

As I have mentioned above, the safety and security of pupils is paramount for us, and we wish to maintain a good working relationship with all our parents and so your full cooperation is always valued.

Please contact me if you have any questions about the roof works and consequent parking restrictions outside the school premises.

Yours sincerely,

Sajid Khaliq
Principal
